

## ICAM IFT-P End of Life (EOL) Notice - China

February 2021

### Overview

Following on from the ICAM IFT discontinuation in 2017, and considering our on-going review of our Advanced Detection Technologies portfolio, we have made the decision to discontinue the ICAM IFT-P China product. This allows us to remain focused on serving our customers with our world leading VESDA offerings and delivering new solutions and technologies to the market.

### Affected Products

The following table shows the ICAM IFT-P China product that will be discontinued together with suitable alternatives from our VESDA portfolio.

Discontinued Product	Description	Alternative	Model Number
ICAM IFT-P China	ICAM IFT PICO with TCP/IP China	VESDA VLP VESDA-E VEP-1 VESDA-E VEP	VLP-400-CH VEP-A00-1P-CH VEP-A00-P-CH

### Effective Date

The affected product will be discontinued effective immediately, where Last Time Buy (LTB) orders shall be placed before 30th Apr 2021 and last shipment date will be 30th Jun 2021.

### Spares, Repairs and Upgrades

- Following cease of supply there will be a further 2-year supply of spares subject to component availability. Product documentation (e.g. Product Guide/User Manual) will be available through the website.
- During this 2-year period, customers are encouraged to take advantage of the next generation product upgrade program, where available, which offers an incentive to eligible installations. Upgrade campaigns for aging installed base are rolled out at the discretion of AD.

### Product Warranty

Standard product warranty will be honored as per the applicable company policy for the relevant product line in one of the two ways below:

- A product failing within the standard warranty period will be repaired or replaced with the same or comparable product having the balance of the original warranty period.
- Should a product fail within the warranty period and not be repairable/replaceable then we will refund the full purchase price or issue a credit note as agreed with the customer.
