

End of Life Notice

Product End of Life Notice: VESDA ECO – ICAM ECO Models January 24, 2017

The VESDA and ICAM ECO gas detectors continue to offer a unique and powerful gas detection solution serving a wide range of markets and applications. In order to maintain best in class product performance and efficient technical support it sometimes becomes necessary to discontinue particular products. This bulletin is to advise that certain VESDA and ICAM ECO gas detectors will be discontinued due to low demand or existence of redundant models.

All ECO-D-R-XX-YY (relay only), ammonia, chlorine, certain dual sensor and hazardous location rated models will be discontinued immediately. See the attached list for a complete list of discontinued products and equivalent replacement models. Limited production capabilities will remain for some of these models until March 31, 2017.

Discontinued Part Number	Description	Replacement Part Number
ECO-D-R-AA	All Single Gas Relay Only Detectors	ECO-D-B-AA Equivalent Model
ECO-D-R-AA-BB	All Dual Gas Relay Only Detectors	ECO-D-B-AA-BB Equivalent Model
ECO-D-B-11-31	Dual hydrogen and oxygen detector	Single Gas ECO-D-B-11 and ECO D-B-31
ECO-D-B-19	Ammonia Detector 0-100% LFL	Not Available
ECO-D-B-19-EX	Ammonia Detector 0-100% LFL (Class 1 Div 2)	Not Available
ECO-SC-19	Ammonia Sensor Cartridge 0-100% LFL	Not Available
ECO-SC-19-EX	Ammonia Sensor Cartridge 0-100% LFL (Class 1 Div 2)	Not Available
ECO-D-B-42	Ammonia Detector 0-100ppm	Not Available
ECO-D-B-42-EX	Ammonia Detector 0-100ppm (Class 1 Div 2)	Not Available
ECO-SC-42	Ammonia Sensor Cartridge 0-100ppm	Not Available
ECO-SC-42-EX	Ammonia Sensor Cartridge 0-100ppm (Class 1 Div 2)	Not Available
ECO-D-B-47	Chlorine Detector 0-20ppm	Not Available
ECO-D-B-47-EX	Chlorine Detector 0-20ppm (Class 1 Div 2)	Not Available
ECO-SC-47	Chlorine Sensor Cartridge 0-20ppm	Not Available
