

Product Bulletin

VESDA VLP/VLC End of Life (EOL) Notice - Fike

May 2019

Overview

With the successful introduction of the new range of VESDA detectors in 2014, VESDA-E has set a new benchmark in the industry; providing superior detection performance; greater tolerance to nuisance alarms, lifetime stability in a wide range of applications, added flexibility and a new range of connectivity options.

The advent of the UL268 7th edition testing marks the beginning of a new era for smoke detection and creates a natural milestone for the rationalisation of the VESDA product range. Going forward we shall focus on the VESDA-E and VLF platforms, along with our New Products roadmap to deliver a comprehensive range of detectors.

This Product Bulletin outlines the End of Life notice for the VLP and VLC series of products; marking the end of a long and successful journey spanning 22 years to establish VESDA as the number one ASD brand worldwide.

Affected Products & Alternatives

VESDA-E VEU/VEP are a direct replacement for VLP; VEP-1 replaces VLC. The following table provides a high-level product comparison:

| Parameter | VESDA | | | VESDA-E | | |
|-------------------------|-------------------------|--------------------------|--------------------------|-------------------------|-------------------------|--------------------------|
| | VLF-500 | VLC | VLP | VEP-1 | VEP | VEU |
| Fire 1 Lowest Threshold | 0.025%/m (0.008%/ft) | 0.015%/m (0.0046%/ft) | 0.015%/m (0.0046%/ft) | 0.01%/m (0.0031%/ft) | 0.01%/m (0.0031%/ft) | 0.001%/m (0.0003%/ft) |
| No. Class A Holes | 30 | 30 | 30 | 30 | 40 | 80 |
| Linear Pipe Length | 1 x 50m (1 x 150ft) | 1 x 80m (1 x 260ft) | 4 x 50m (4 x 164ft) | 1 x 100m (1 x 328ft) | 4 x 70m (4 x 230ft) | 4 x 100m (4 x 328ft) |
| Branched Pipe Length | 2 x 30m (1 x 90ft) | 100m (328ft) | 400m (1,312ft) | 130m (427ft) | 560m (1,837ft) | 800m (2,624ft) |

Please refer to the Appendix below for comprehensive list of discontinued VLP/VLC part numbers affected as part of this notice.

Last Time Buy (LTB) & Ship Date

To ensure the smooth transition to the new VESDA-E series the End of Life program is phased in two parts:

Americas; Europe, Middle East and Australia/New Zealand (AMER, EMEA and ANZ)

- LTB orders for VLP/VLC should be placed by 31st Oct 2019
- Last shipment date for VLP/VLC shall be 31st Dec 2019

Asia Pacific (APAC); excluding ANZ

- LTB orders for VLP/VLC should be placed by 31st Jan 2020
- Last shipment date for VLP/VLC shall be 31st March 2020

Servicing & Spares

- Warranty replacements will be honoured as per standard company policy
- Following the last shipment date there will be a 2-year support period for associated spares
- There will be a further 1 year support for associated documentation

VESDA VLP/VLC Discontinued Part Numbers

| Material | Material Description | Alternate |
|---------------|---------------------------------------|--------------------|
| VLP-100 | VESDA VLP, DET C/W OEM COVER, 3LED | VEP-A00-P |
| VLP-400 | VESDA VLP, DET C/W BLANK PL+FOK LED | VEP-A00-P |
| VLP-002 | VESDA VLP, DET C/W DISP+BLANK | VEP-A10-P |
| VLP-012 | VESDA VLP, DET, DISP+PROG | VEP-A10-P |
| VSP-006 | LP DET CHASSIS ASSY W MANIFOLD | Discontinued |
| VLC-400 | VESDA VLC-400, APOLLO | Discontinued |
| VLC-500 | VESDA VLC, RELAY | VEP-A00-1P |
| VLC-505 | VESDA VLC, VESDANET | VEP-A00-1P |
| VLC-200-EX-US | VESDA VLC200, REL, CL1 DIV2, 2000SQFT | Discontinued |
| VLC-205-EX-US | VESDA VLC200, VN, CL1 DIV2, 2000SQFT | Discontinued |
| VLC-500-EX-US | VESDA VLC500, REL, CL1 DIV2, 8000SQFT | Discontinued |
| VLC-505-EX-US | VESDA VLC505, VN, CL1 DIV2, 8000SQFT | Discontinued |
| VKT-004 | VESDA VLC, DEMO KIT | VKT-850 (VEP Demo) |

VLS EOL with VES

Xtralis anticipate the VLS EOL timing to closely follow the VLP/VLC EOL phase out plan. We shall communicate the confirmed VLS EOL timing once VES availability with the various country approvals are confirmed.
